Dear Sir.

Having seen it stated in our local paper & also in the Chicago papers that you could furnish Gold Dollars if applied for in conformity with the regulations governing such orders; and having had a good many inquiries for same from customers of ours; we sent our draft for \$100⁰⁰ to the Asst. Treas. U. S. at N. Y. with the request that he send the necessary receipt to the Treas. U. S. for shipment to us of One hundred Gold Dollars.

He returns our draft saying he is not aware you can furnish them.

If you can furnish them, how can we get one hundred? Yours Truly

Cannot be done with I. G. Dieterich as the stock is held full
